(1) We exclude certain costs and expenses from our calculation of adjusted general and administrative expense because management believes that these costs and expenses are not indicative of our core operating performance, do not reflect the underlying economics of our business, and are not necessary to operate our business. These excluded costs and expenses consist of (i) certain legal costs primarily related to worker classification matters, and our historical Dasher pay model, (ii) reserves and settlements or other resolutions for or related to the collection of sales, indirect, and other taxes that we do not expect to incur on a recurring basis, and (iii) expenses related to supporting various policy matters, including those related to worker classification, other labor law matters, and price controls. We believe it is appropriate to exclude the foregoing matters from our calculation of adjusted general and administrative expense because (1) the timing and magnitude of such expenses are unpredictable and thus not part of management's budgeting or forecasting process, and (2) with respect to worker classification matters, management currently expects such expenses will not be material to our results of operations over the long term as a result of increasing legislative and regulatory certainty in this area, including as a result of Proposition 22 in California and similar legislation.

(1) In November 2020, our board of directors granted restricted stock units ("RSUs") to our Chief Executive Officer, Tony Xu, covering 10,379,000 shares of our Class A common stock, which we refer to here as the 2020 CEO Performance Award. The award is intended to be the exclusive equity award to Mr. Xu over a seven year performance period, which ends November 23, 2027. The award has nine tranches that are eligible to vest based on the achievement of stock price goals ranging from $187.60 to $501.00, measured using an average of our stock price over a consecutive 180-day period during the performance period. For more information on the 2020 CEO Performance Award, please refer to our annual proxy statement.

(2) Certain RSUs awarded prior to or around the time of our initial public offering have grant-date fair values that significantly exceed the fair value of the awards ("409A value") prevailing at the time they were committed to employees. The amounts included here represent the stock-based compensation associated with the excess amount of the grant-date fair value over the 409A value.
